Disability Studies

The Disability Studies Major investigates, enhances, and complements the understanding of disability by incorporating social, cultural, historical, political, legal and educational perspectives. While the conceptualization of disability changes over time, disability itself is a constant component of human existence. The Disability Studies Major was designed to provide a comprehensive curriculum in Disability Studies that includes the incorporation of the lived experiences of disabled people.

Disability Studies is a minimum admission requirements major, accepting applications at any time.

**Eligibility Requirements**
- 2.0 UW GPA
- Minimum of 45 credits earned
- Currently attending the UW
- Completed DIS ST/LSJ/CHID 230: Introduction to Disability Studies with a minimum grade of 2.0.

**Degree Requirements**

Note: Students must also complete the General Education Requirements for the College of Arts and Sciences, including foreign language through 103 or equivalent. Minimum 55 credits, 35 of which must be upper division.

**A. Disability Studies Core Courses**—ALL of the following (15 credits)
- DIS ST/LSJ/CHID 230 (5): Introduction to Disability Studies [AUT]
- DIS ST/LSJ/CHID 433 (5): Disability, Law, Policy, and the Community [WIN]
- DIS ST/LSJ/CHID 434 (5): Civil and Human Rights Law for Disabled People [AUT]

**B. Courses Directly Related to Disability Studies**—TWO from Section B list (6-10 credits)

*Note: A handful of special topics courses, such as “The History of Eugenics”, may be considered for use in the Directly Related category. Please see the Disability Studies adviser for permission to use a course not on this list.*

**C. Courses Broadly Related to Disability Studies**—ONE course from each subset of the Section C list (16-20 credits)
- Identity Theory (3-5 credits)
- Value Theory (5 credits)
- Science Studies (3-5 credits)
- Civil and Human Rights (3-5 credits)

**D. Enough Additional Credits from Section B and C lists to Reach the Minimum 55 Credits (5-13 credits)**

*Any course not on the approved lists must be approved by the Disability Studies adviser.*

A final independent study project/paper on a topic of interest to you within the field of disability studies. This represents the culmination of your studies in disability studies. (This course will also count as 5 credits toward your “Additional Writing” requirement.)
B. Courses Directly Related to Disability Studies—TWO of the following (6-10 credits)
